Agricultural Meeting.

In the absence of the president
and vice-president on Saturday last,
Mr. W. Henley occupied the chair.
Letters were read from President
Douglas of Indian Head Farmers'
Elevator and Dr. J. P. Cresmer, of
Qu'Appelle, expressing regret at
their inability to be present and
address the meeting.

The question of a Farmers' Ele-
vator was introduced and much
discussion ensued. A committee
was appointed to visit Indian Head,
secure information re cost, running
expense, and general success of the
farmers' elevator there, and report
at the annual meeting of the Agri-
cultural Society held on Dec. 5.

The meeting was a large and
representative one and was unani-
mous in favor of the erection of an
elevator. Some were of opinion
that it should be controlled by a
company of farmers. Others
favored the organization of such a
company but on condition that a
bonus of \$3,000 or \$4,000 be secured
from the Council. Others, again,
and apparently the majority, thought
the Municipal Council should be petitioned to erect
and run the elevator. The further dis-
cussion was postponed until yester-
day.

After a brief talk on matters per-
taining to the Agr. Society the
meeting adjourned.

Mrs. G. M. Bailey was visiting
Mrs. Geo. Bailey of Sunnyside Farm.

Mr. Charley Cates went east on
Thursday evening last, and your
correspondent has it on good author-
ity that he will not return alone.
Congratulations, Charlie.

Mr. Archie Stewart disappeared
very suddenly last week. Folks
are wondering which way he went.

A skating rink at Flint is well
under way. A bee was formed
last week and 75 barrels of water
were poured on the rink, but owing
to the soft weather it did not make
much ice. Keep agoing boys, they
are thirsty down in China.

We are sorry to hear of Mr. Robt.
Cowan's illness, but we are glad to
learn that he is on the road to re-
covery.

A dance and social was held at
the residence of Mr. R. Stotts. A
very enjoyable evening was spent,
a majority of girls was reported.

What might have proved a very
serious accident occurred at Flint
on Friday by the running away of
a plant's roan horse. He was
crossing the horse around town
when a freight train pulled into the
spot. The horse became unman-
ageable and ran down Main street
and up Rattle Snake Ave., smash-
ing one of the runners and throw-
ing Mr. Plant several feet in the
air. A dislocated toe and a severe
shaking up were all the injuries
Jack received.

Mr. S. Totten, of Indian Head, is
visiting friends here at present.

Mr. W. McMichael is putting up
a \$350 stable. It is going to have
a cottage roof—quite a curiosity for
this part of the country.

We are pleased to see the genial
countenance of Mr. Harry Eastwick
in our midst again, after an absence
of over two years. We understand
he has disposed of his farm to Mr.
Archie McMichael. He will leave
shortly for Montana and from there
to Kentucky, where he expects to go
into the ranching business.

Mr. Frank Johnson, of Bradwar-
den, Man., is visiting at Chale
Farm. We hear he is combining
business with pleasure.

Christmas Buying.

From now until after Christmas this store will be a busy one, and those
who wish the best selection of goods should buy as early as possible. Do
not put off until the last day or so before Christmas when there is the
greatest rush.

Christmas Prices.

This year Christmas prices have been put as low as in this store as is consistent
with quality. I want to make the profits you would pay to the railways

FARMERS' ELEVATOR.

The main subject of discussion at the agricultural meeting on Saturday last was the advisability of building a farmers' elevator in Qu'Appelle and the best method to adopt to this end. All were in favor of having the elevator. As to the latter, three distinct plans were suggested. 1. By funds wholly obtained from farmers in the district taking shares therein. 2. By farmers taking shares aided by a bonus from the Council. 3. By the Council itself building and running the elevator.

It was pointed out that in the event of an elevator being erected the companies now in operation here would probably raise the price to track price and thus endeavor to crush out the farmers' company. The probability would therefore be that the elevator would be run at a loss so far as returns on shares were concerned, but this would be more than compensated by the increased price obtained for wheat. As it was deemed inadvisable to make a distinction in elevator charges between shareholders and non-shareholders the farmers not in the company would gain the most. With such a prospect in view as a loss on shares held it could not be expected that many townpeople with no grain to market would be so altruistic as to support it by taking stock.

It was pointed out that the tendency in other places was to sell to a few shareholders and finally to dispose of the elevator to one of the other companies. This tendency might, however, be checked by limiting the number of shares that might be held by an individual.

The first plan has the advantage over the other two in that it shows the purchase of shares by any number outside the municipality. Its success, however, would depend on the almost unanimous support of the farming community, the appointment of a good Board of Management and of an able manager of the elevator.

The second plan appears to be a real battle for several reasons. We are opposed to having general principles and see no reason why this enterprise should be run by any more than the few who have any other business. The cost is estimated at

\$5,000 or \$6,000. Taking the latter figure as the cost and supposing \$3,000 be obtained as a bonus from the municipality there is left \$3,000 to be obtained from others. As we see it this fund should be subscribed in the municipality in order that the Council might have some power over the shareholders. To prevent the company falling under the control of a few for speculative purposes a limit would have to be fixed as to the number of shares each man could hold in which case we doubt whether sufficient stockholders could be obtained in the municipality. In any case we object to taxation to furnish a bonus for any such purpose. We admit that what benefits the farmer benefits the whole community but that is no reason why we should add to the burden of taxation of the whole community. The last scheme is plausible on the face of it, but careful consideration shows weakness.

It would involve the taxation of many throughout the municipality who are not grain growers. It would not be a business scheme for the Council to invest \$5,000 in an enterprise which promises to be a losing concern from the start.

If there was dissatisfaction there would be no escape from the taxation.

It would involve the raising of about \$750 annually in the municipality and already it is felt that the taxation is sufficiently high.

Outsiders would benefit as much as residents and would have none of the expense.

It is not a crying necessity felt by all. Though the farmers would undoubtedly be benefited thereby and indirectly the business men, it is not a universal need.

Finally, it is not a public monopoly and therefore not consistent with the duties of a public body. It is not on a par with municipal railways, telegraphs, telephones and other public enterprises.

As considerable interest is being taken in the subject we offer our columns for its free discussion in the hope that much light may be shed thereon before the work is undertaken.

MUNICIPAL NOMINATIONS.

The usual lack of interest in municipal affairs was shown on Monday last and it was thought that the old councillors would be returned without opposition, but about ten minutes to twelve certain residents of McLean nominated a young German, Paul Lenz.

We would be the first to condemn any attempt at raising a racial cry in matters municipal, territorial or federal, but remembering the McLean nominee of two years ago and his election, which was looked upon as a huge joke, we feel bound to criticize the nomination from that quarter.

We have yet to learn the object of opposing such tried men and true as Messrs. Jones and Johnston, but it is to be distinctly understood that Mr. Lenz is not brought out as the candidate of the German element. Rather is he the representative of a factions opposition which, unable to secure an experienced man, hopes to catch the German vote and at the same time foist upon a long-suffering community a man unsuited to the position.

There is no question as to the right of the Germans to have a representative in the Council if they so desire, but election, nor is there any fault to be found with a certain number in McLean bringing out a candidate for municipal honors, but we wish to remind the citizens that the election of councillors is too serious a matter to be left with levity or indifference. The present Council has been one of the most progressive ever elected in this municipality and as

complaint can be raised against their probity or interest in our welfare. To turn out one of these for one who cannot read English correctly, who has no experience in municipal matters and who is sprung on the electors apparently as another huge joke is the height of folly.

The administration of the affairs of the municipality involves the spending of thousands of dollars annually. It is therefore incumbent upon the electors to see that no mere figureheads occupy a position in the council. The best we can get are none too good for the position, and surely the experience of Messrs. Jones and Johnston will fill the bill better than an untried youth of twenty-one.

Election, the decision rests with you on Monday next.

Railway to be Fenced.

On the motion of Councillors Jones and Johnston at the November meeting of the Council, the Secretary was instructed to write Supt. Milestone re fencing the track in this municipality. The following is the reply of Mr. Milestone:

Moose Jaw, Nov. 21, 1900.
J. C. Starr, Esq.,
Sec. Trans. Municipality South Qu'Appelle.

Dear Sir:—In acknowledging receipt of yours dated Nov. 17 in connection with fencing our right of way through that municipality, I can only say that I am sorry I failed to meet you as intended, but you can assure the Council that I have not forgotten their requirements and that an appropriation has been asked for to fence all the district between Regina and Indian Head next season, also that there is little doubt but that your district will be looked after and receive preference in this respect. Furthermore, I am not familiar with the Mr. Howden's case you refer to but have forwarded your letter to our General Superintendent to both strengthen my application for appropriation and to review Mr. Howden's case with the claims agent, who has all such matters in hand.

Believe me, yours truly,
(Sgd.) C. W. MILESTONE,
Superintendent.

Our Saviour in Art.

Cost nearly \$100,000 to produce. Contains nearly 100 full page engravings of our Saviour and His Mother by the world's greatest painters. True copies of the greatest Masterpieces in the art galleries of Europe. Every picture is as beautiful as a sunrise over the hills. Contains description of the paintings, biography of the painters, the names and locations of the galleries in Europe where the originals may be seen. Also contains a Child's Department, including a Child's Story of the Christ and His Mother, beautifully written, to fit each picture. This wonderful book, matchless in its purity and beauty, appeals to every mother's heart, and in every Christian home where there are children the book sells itself. Christian men and women are making money rapidly taking orders. A Christian man or woman can in this community soon make \$1,000 taking orders for Christmas presents. Mrs. Waite, our agent in Massachusetts, has sold over \$3,000 worth of the books in a very short time. Mrs. Sackett, our agent in New York, has sold over \$1,500 worth of the books in a very short time. The book is printed on velvet-finished paper, beautifully bound in Cardinal Red and gold, and adorned with Golden Rosas and Lilies. It is, without doubt, the most beautiful book of this century. Write for terms quickly and get the management of that territory. You can work on salary or commission, and when you prove your success we will promote you to the position of Manager and Correspondent, at a permanent salary, to devote your time to attending to agents and the correspondence. Wanted also a State Manager to have charge of office in leading city of the State and manage all the business of the State. Sent for terms. Fort Qu'Appelle.

From our own correspondent.

The members of the curling rink are getting down to work in good style and we hope to hear a good account of the representative skips this season.

The annual meeting of the Fort Qu'Appelle Agricultural Society is held for Saturday the 8th Dec., at 2 p. m., and that of the Central Assn. Society for the 22nd inst. at the same hour.

Mr. and Mrs. W. M. Graham, Ed. Hills, spent Monday in town and left for home on Tuesday morning.

Messrs. J. A. McDonald and A. Speers left for Touchwood on Wednesday.

R. Johnston, of the firm of Johnston & Creamer, Qu'Appelle Station, visited the Fort on Wednesday.

Mr. and Mrs. Ernest Blackbeard, McDonald Hills, were in town on Thursday and Friday. We were glad to see them looking so well and in as good condition for the winter.

Our numerous readers will be glad to hear that Mrs. George Reed who has been very ill for some time is getting better nicely.

D. Matheson, of the Hudson's Bay Co., Whitehead, is here to fill the vacancy caused by the absence of F. A. Jenner, who has been sent temporarily to Fort Frances, Ont., owing to the illness of one of the employees at that place.

Arrangements have been made with Mr. Humber to give a polyphone entertainment in the town hall on the 13th inst., the proceeds to be devoted to the St. John's church Sunday-school fund. Doors open at 7:30, to commence at 8 p. m.

D. H. McDonald, M. L. A., returned from Regina on Friday morning.

George Murray, Lion Creek, was in town on Thursday.

Messrs. Jas. Smith and A. Matheson, Qu'Appelle Station, were in town on Saturday afternoon. They left for home in the evening.

A. Hollingshead and two of his workmen have been engaged during the past week in painting and papering the residence of Mr. J. A. McDonald.

Mr. and Mrs. S. J. C. Breen, Touchwood Hills, are visiting the Rev. F. Wells and Mrs. Johnson at the Vicarage.

W. A. Henshaw and F. Denbigh, Touchwood Hills, came to town on Saturday evening. Mr. Henshaw left for Qu'Appelle Station on Monday.

Messrs. J. A. McDonald, and W. A. Henshaw shipped their last train of fat stock for this season from Qu'Appelle Station on Monday. They have shipped over 2000 head of beef cattle this fall and have brought in several hundred steers.

From what we can learn of cattle business will be conducted on a more extensive scale next season. W. Breen, Touchwood, passed through town on Monday on his way to Qu'Appelle Station, where he will take the train for Regina en route to England. He will be absent several weeks. Dr. E. P.

Rose, Winnipeg, who has lately returned from South Africa is visiting friends at the Fort.

R. J. McKay, Indian Head was in town on Saturday.

Lebret.

From our own correspondent.

Mr. Gleason of Indian Head was at Lebret on Sunday.

Mr. T. C. Riley, representing the H. Shorey Co., Montreal paid the Industrial School a business visit last week.

We are pleased to learn that Mrs. J. Craig is making satisfactory progress toward recovery from her recent serious illness.

Dr. and Mrs. Seymour were at Indian Head on Tuesday.

Mr. D. McLeod of Edgely visited friends at Lebret on Sunday.

Mr. D. McKinnon is spending a few days on the parental homestead.

At a meeting of the Public School Trustees on Saturday it was decided to levy a rate of 8 mills on the dollar on the assessment of 1900 to defray the expenses of the current year.

Miss A. Meehan returned home from Kronsberg on Friday, having completed the term of her engagement as teacher of that district.

Rev. Father Hugonard was at File Hills on Monday.

Springbrook.

Mr. DeWolfe has settled permanently among us on the Blakeley farm. We extend a hearty welcome to our new neighbor.

The literary society has been reorganized and will meet every Friday evening in the school house. Come one, come all.

Mrs. Nichol who has been visiting friends in Saltoun for the past three weeks returned to-day (Monday).

We see the much needed repairs are being made on the school stable. Another boy joins the benedict band.

The house of Mrs. Winters, of Fort Qu'Appelle, was the scene of a very pretty event on the evening of Nov. 27, when, in the presence of about forty immediate friends the eldest daughter Elzlie was united in the holy bonds of matrimony to Mr. Samuel Stevenson of Springbrook. The contracting parties took their places on the floor exactly at five o'clock. The bride was given away by Mr. Alex. Scott of Edgely. The groom was ably supported by Mr. J. W. Kelly, and Miss Sonahorn performed the same office for the bride. While our old friend Samuel looked his best, the bride looked charming in a beautiful bronzed silk. The ceremony was performed by the Rev. Mr. Hoskin of Qu'Appelle Station. After the usual congratulations the company repaired to the dining room, where mine hostess' table fairly groaned under the good things provided for the occasion. After ample justice had been done to that part of the program the dining room was cleared, and other feet than those of the table were soon upon the floor to the sweet discourse of Sandy's strings and bow. The many presents, costly and beautiful, signify in a special manner the esteem in which these young people are held by their many friends and acquaintances. The company broke up at an early hour in the morning, wishing the newly married couple many happy and prosperous years in Springbrook.

Swallowing

A sword is a trick not conducive to health or longevity. But it is not more injurious than the hasty swallowing of half medicated food washed down by gulps of ice water in summer or cups of hot coffee in winter. Hasty eating is the foe of health. Sooner or later it must result in indigestion or some other form of stomach disease.

For the cure of the diseases of the stomach and allied organs of digestion and nutrition, there is no medicine so effective as Dr. Pierce's Golden Medical Discovery. It always helps. It always cures.

Mrs. Mary E. Lewis, of Tanners, Glenora, Co. W. Va., writes: "I was always recommended Dr. Pierce's Golden Medical Discovery. I have used it for several years and it has cured me of many ailments. I have gained an appetite and am able to eat and sleep and am feeling better than ever before. My friends all say they can hardly believe that I am the same person, after being sick so long. I have shared it with my friends and they all say it is the best thing they have ever used. I have taken it for the cure of the 'Dyspepsia' and 'Indigestion' and 'Acid' of the 'Stomach'."

Dr. Pierce's Medical Adviser, paper covers, is sent free on receipt of a recent stamp to pay expense of coupons and mailing only, or if cloth binding is desired send 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

relatives at Hill Farm. We wish all a most pleasant trip and a safe return in the spring.

The old school house was moved last week by the settlers of Poplar Plains District. Mr. James Fair was the "moving spirit" in the enterprise, and under his able management the building fairly rolled along, reaching its destination about four hours after leaving here.

Mr. Thomas Hann, of Indian Head spent part of last week visiting friends in this settlement.

Miss Emma Goodwin left last Saturday to attend normal school at Regina. We expect to hear that she has successfully passed her professional examination when that time arrives.

Mr. Aclon, recently from Manitoba, is now visiting his relations, Mr. and Mrs. Holliday and family.

Mr. Alfred Burghall, who has lived in this district for several months past, left for England by train on Sunday night. While here Mr. Burghall made many friends who regret that he has left the country, as he was of a genial disposition and a good fellow.

Poplar Plains.

From our own correspondent.

A long felt want has been a larger building for public worship. The committee of the Presbyterian mission took steps very recently in having more accommodation secured and consequently purchased the

frame school house of Edgely, they having moved into their large new stone one. On Thursday last a large force of interested friends went over and soon had the building raised up and fixed upon four-sleighs. They brought it through to this place in the short space of 41 hours. The services of Mr. James Fair, of Edgely, were secured. Mr. Fair is a Canadian expert in the moving of buildings, and from the very precise way in which he managed the whole affair from start to finish we have no hesitation in recommending him to the public who require any one in the moving of buildings.

Mr. Wellington Owens had the misfortune to lose a valuable horse on last Friday night of inflammation.

Mr. W. Cockwill, of Balgonie, and Mr. Wm. Owens of this place went out gunning last Tuesday, and in less than 4 hours secured 32 prairie chickens.

Rev. Mr. Matheson occupied the pulpit of this mission last Sabbath morning.

Miss Melvor has gone on a visiting tour among friends at Indian Head.

Someone has said that all the single persons will freeze up this winter. The bachelors are not looking for snags now, especially cold ones.

Our new postoffice opens on the 4th of this month for the first time. Who will be the lucky ones to get letters? Mr. Kent will be postmaster.

CATARRH--the universal American Phlegm, meets its match in
DR. ACNEW'S CATARRHAL POWDER

No remedy of modern times has worked such marvellous cures. No remedy of modern times has received so great an array of unsolicited testimony. No treatment can show so grand a volume of irrefutable evidence of merit. People everywhere have been quick to recognize its worth and place on record an unassailable verdict.

THE HON. DAVID MILLS, Minister of Justice for Canada, over his own signature endorses this medicine and the testimony of many of Canada's public men who have proved it.

Relieves Cough in the Head in 10 minutes. Cures Catarrh in all its stages and cures like coughs. 50 cents.

TURKEY AND U. S.

TURKEY TAKES A DEFILANT ATTITUDE AGAINST THE U. S.

Ministers of the Porte Favor Severance of Diplomatic Relations With United States.

New York, Nov. 29.—A dispatch from Constantinople says that the Turkish council of ministers have just a conference to determine whether or not the sending of the United States battleship Kentucky to Smyrna should be regarded as an act of hostility. According to the dispatch the council of ministers urge the severance of diplomatic relations with the United States, and even went so far as to threaten war unless the Kentucky should be withdrawn from Turkish waters. The ministers express the belief that the European powers would not permit the United States to attack Turkey, and that the country, therefore would be safe in taking a defiant attitude.

Washington, Nov. 29.—All European Turkey minister here after a call on Secretary of State, in the visit of the big battleship Kentucky to Turkish waters, declared that the Kentucky's visit conveyed no menace and that it had no bearing upon the diplomatic relations between the Turkish government and the United States. Meanwhile, it is understood that the negotiations between Mr. Griseom, United States charge at Constantinople, and the Porte for the settlement of the missionary claims and the question as to Dr. Norton's exequatur are still at Harport are progressing with indications that a compromise will be arranged.

The navy department has given no further orders to the Kentucky. Beyond those directing her to proceed to Smyrna for a five days' stay. The department has received a letter from Capt. Chester of the Kentucky, mailed from Gibraltar, telling of a storm which the ship passed through on the Atlantic, and the opportunity afforded of testing the sea-going qualities of the big battleship.

London, Nov. 29.—"An imperial order orders the immediate signature of a contract for the construction of a fast cruiser with a range of Philadelphia," says the Constantinople correspondent of the Daily Chronicle. "The price agreed upon will give a sufficient surplus to pay the American indemnities. Thus the United States will be successful in commercial and diplomatic success."

WELCOMED IN ENGLAND

London, Nov. 29.—Close upon 300 officers and men of the Royal Canadian Regiment of Infantry arrived at Southampton this morning on the Hawarden Castle, from Cape Town. Along with the men from Canada, on the same vessel, are celebrated and very popular Household Guards, and the two fine companies of men who have given their blood and their service to the empire and Queen in South Africa, met with a great reception at Southampton.

A deputation of influential London citizens, headed by Lord Grey, one of the best friends possessed by the Canadians, has been busy arranging to entertain the Canadians, and the programme that is to be carried out is varied and provides for plenty of entertainment for the homesick soldiers. Evenings will be spent at the theatres, while the days will be passed in viewing the sights of London and its vicinity. Several banquets are to be given in honor of both the officers and men, and a number of the nobility will entertain the Canadians.

The regiment will be inspected at Windsor Castle by the Queen. This will be the great event of the visit of the Canadians to England. On Monday, of next week, His Royal Highness, the Prince of Wales, will review the Canadian troops. The following day they will pay a visit to the great naval yards at Portsmouth, according to the celebrated English report. On Wednesday, it is expected that the Canadians will sail from England for Canada on the 8th in order to reach Canadian ample time to enjoy the Christmas festivities in their own homes in the land they left over a year ago.

SEVEN SAILORS LOST

Detroit, Nov. 29.—A report reached here yesterday from Amherstburg that Captain Frank B. Hackett, of the tug Home Rule, on his return from the Point Pelee middle ground, on Lake Erie, had discovered a schooner which had been aground here since Sunday was the Marmora, of Toledo, Ohio, and owned by Henry Scanlon of that city. Captain Hackett is said to have picked up a message leading him to believe that the ill-fated vessel was the Marmora. The schooner has disappeared, and Captain Hackett is quoted as saying that he believes the waves dashed the vessel to pieces, and that the seven sailors who were aboard to the right were drowned.

Toronto, Nov. 29.—The steamer Dorcas was partly burned last night as the result of an explosion of an oil lamp. She lay at Godtha's wharf about a surge. The fire broke out at about 10 o'clock. She was valued at \$18,000, and was insured for \$10,000 in several fire insurance companies. There was no loss of life.

TO KILL "BOBS."

A NEST OF FOREIGN CONSPIRATORS DISCOVERED.

A Mine is Laid Underneath a Johannesburg Church—Discovered November 18.

London, Nov. 28.—A plot to assassinate Lord Roberts, in which 20 foreigners are concerned, has been discovered.

It appears that the conspirators laid a mine, which was designed to be blown up on Sunday while Lord Roberts was in church at Johannesburg, but the police and Lord Roberts' bodyguard frustrated the conspiracy. Ten men, mostly Italians, have been arrested.

London, Nov. 28.—The war office publishes the following dispatch from Lord Roberts, dated Johannesburg, Nov. 27: "As reports of a plot against my life will probably reach you, I think you should know the facts. It is my belief that there was a plot in existence, and five Italians, four Greeks and a Frenchman, were arrested November 16, and are now awaiting trial. Their intentions were to explode a mine under Saint Mary's church during the morning service, held at 11 o'clock on November 18."

PLOT TO KILL MCKINLEY.
New York, Nov. 28.—A plot to assassinate President McKinley has been made known to the police of Hoboken, N. J. They have communicated with the secret service bureau at Washington, furnishing the name of the man who is accused.

The police received their information through a letter written by a Frenchman, whose knowledge of the English language was exceedingly poor. The name of the accused is withheld by the police for obvious reasons. They have located the writer, and say that his story is at least worthy of investigation.

STORM AND FIRE

Cleveland, Nov. 28.—Another violent storm has prevailed on Lake Erie and throughout northern Ohio, the wind coming from the north and blowing at the rate of 60 miles an hour this morning. The gale was accompanied by rain and sleet. The lake has been lashed by a wild fury and the vessels are leaving port. The telegraph and telephone companies have suffered great damage from the heavy storm of last week, and were again badly handicapped by the present rain or blizzards on practically all routes.

Oswego, N. Y., Nov. 28.—The heavy snow storm of the past 36 hours has caused great damage. To some other property throughout the city and surrounding country.

\$50,000,000 INDEMNITY.

Pekin, Nov. 28.—The foreign envoys have agreed to two proposals that were previously rejected owing to lack of unanimity. These are for Earnest Satow's proposals that China should agree to recast the commercial treaties, and the Italian proposal that China should consent to foreign financial control as a guarantee of the indemnity.

The delay in the presentation of the debt note is due to the postponements by the home governments. This increases the difficulties of the position and aggravates the situation of trade and finance, especially the collection of inland revenues. At the lowest estimate the indemnity is computed at \$50,000,000.

SCHOONER DRIFTS ASHORE

Portsmouth, N. H., Nov. 28.—The patrol boat of the United States Navy, sailing from Boston yesterday night, a heavily laden schooner drifting ashore on the sands damaged and disabled. Her name, could not be made out. There was no sign of life on board, and it was thought the crew had been swept overboard by the furious seas.

The life savers started to go to the schooner as soon as she struck the bottom. The vessel struck an hour after being sighted, and began to go to pieces. The life savers went on board and found no one on board. The schooner was from New York. The life savers think she is British.
